## RECYCLING OF OLD VEHICLES

### It is our duty to protect the environment.

Mitsubishi Motors designs and produces high quality vehicles and components aiming to provide our customers with durable motor vehicles, and excellent services to maintain your vehicle in an optimum running condition. We have the highest respect for the environment and use materials which may be recycled and re-used after your Mitsubishi Motors vehicle has come to the end of its economical life. After a long working life we will take your vehicle back and recycle it in an environmentally friendly manner in accordance with the EU Directive on End-of-Life Vehicles and any applicable national statutory provisions.

All Mitsubishi Motors vehicles (up to 3.5t GVW) sold after 1st July 2002, will be taken back free of charge from the last owner, at one of the designated take back points, provided the vehicle contains all major components and is free of waste. From 1st January 2007, this applies to all Mitsubishi Motors vehicles irrespective of the sold date. A network of collection points is

available to receive Mitsubishi Motors End-of-Life Vehicles, to ensure your vehicle will be recycled in an environmentally friendly manner. At the same time, the possibilities for the recycling of vehicles and vehicle components are continually being evaluated and improved, aiming to the achievement of even higher recycling percentages in the future.

The European End-of-Life Vehicles Directive and the free take back of End-of-Life Vehicles are applicable in all European Union member states. The transposition of the End-of-Life Vehicles Directive into national law in each member state might not have been completed at the time of putting this publication to print.

Please refer to [www.mitsubishi-motors-europe.com](http://www.mitsubishi-motors-europe.com) and select the web site of the Mitsubishi Motors service network in your country of residence, or call the National Mitsubishi Motors Customer Assistance Centre for further details.

## OUTSTANDING AFTER SALES FOR CAREFREE MOTORING

Around 2,500 Mitsubishi Motors Authorised Service Points in Europe are committed to helping you wherever you are.

### PROFESSIONAL SERVICING

Even new cars require regular maintenance and servicing. Not just to guarantee your mobility, but also for the safety of you and your passengers. Trained professionals using specialist diagnostic equipment and original parts at your Mitsubishi Authorised Service Point are ready to oblige. You'll be advised about the cost beforehand, so there will be no unpleasant surprises when you return to pick up your vehicle.

### MITSUBISHI MOTORS GENUINE PARTS

Even the smallest technical faults can lead to accidents. Therefore, all Mitsubishi Motors Genuine Parts have been developed and tested to stringent quality standards. It is recommended to use Mitsubishi Motors Genuine Parts in order to maintain the safety and integrity of your vehicle and that of your passengers. Mitsubishi Motors Genuine Parts are available at all Mitsubishi Authorised Service Points. We are proud to regularly score top in After Sales quality surveys.

### COMPREHENSIVE WARRANTY – OBVIOUSLY

All new Mitsubishi vehicles come standard with a comprehensive 3-year warranty or up to a maximum of 100,000 km (61,000 miles), whichever comes first. The anti-corrosion perforation warranty covers rusting through for the first 12 years, depending on the model you purchase. The reliability statistics for Mitsubishi vehicles are impeccable, but in the unlikely event that you do need help, we offer MAP.

### MAP - FREE BREAKDOWN ASSISTANCE

In order to demonstrate our commitment to your mobility and the faith we have in the reliability of our vehicles, you will receive a free MAP card valid for three years with your new Mitsubishi. MAP stands for Mitsubishi Motors Assistance Package, and with the MAP card in your pocket, your mobility is guaranteed in more than 30 countries throughout Europe. Should you ever need assistance in the event of breakdown, accident, theft or vandalism – wherever you are, 24 hours a day, 7 days a week – just call the number on your card and the problem will be fixed on the spot. If it's more serious, your car will be taken to the nearest Mitsubishi dealer and you'll be offered services such as a hotel, continuation of journey, a replacement car and vehicle repatriation. And if you continue to have your vehicle serviced at a Mitsubishi Authorised Service Point after the first three years, your mobility will be guaranteed for an additional year or up to the next service interval (whichever comes first) until your vehicle is 10 years old.

### DRIVESTYLE

Accessories by Mitsubishi Motors – everything's got "Drivestyle". They are the perfect products for your car's individuality. It's the style that goes with the sensation. Drivestyle is the individual enhancement of your Mitsubishi. It covers all your car care needs: from Wax Shampoo and Polish to Wheel Rim Gel, from Cockpit Lotion to Leather Treatment and from Insect Remover to Screen Wash – all have been produced using new ingredients designed specifically for your new Mitsubishi. They'll ensure it looks, feels and smells brand new for years to come.

Please ask your Mitsubishi Authorised Sales/Service Point for the Drivestyle Car Care brochure containing more detailed information.

**LANCER**

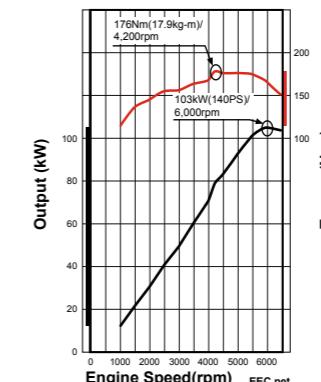

## BORN TO GO

Sport goes beyond styling or specifications, it's a way of living; it's how you announce your presence to the world. Blending the confident poise of nearly four decades of sports sedan evolution with a passion for sporty excitement

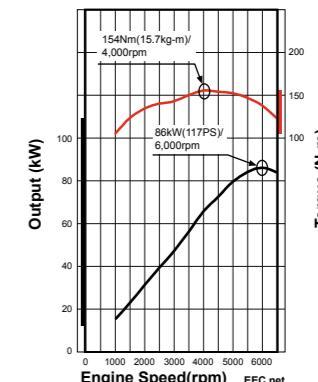

that has never faded, Lancer embodies the pure pleasure that can only be found behind the wheel.

## PERFORMANCE IS IN OUR DNA

A car that looks this sporty is certain to sport a perfectly matched engine, and Lancer obliges with a powerful yet economical 1.8-litre DI-D diesel. This intercooled, turbocharged diesel boasts 85kW/116PS of smooth power while being extremely fuel-efficient and environment-friendly at the same time. Those who prefer petrol will be attracted by our punchy 1.6-litre and 1.8-litre MIVEC motor, which can be paired with either a slick-shifting manual transmission or a responsive CVT automatic (1.8-litre petrol only) that comes with Sports Mode and steering wheel shift paddles.

1.8-litre MIVEC

1.6-litre MIVEC

### ALL-ROUND PERFORMANCE

Naturally all engines offer highly competitive economy and emissions, while Lancer's super-stiff chassis works brilliantly with state of the art multi-link rear suspension to guarantee the Lancer is every bit as rewarding and impressive in the corners as on the straights. And for those wanting the ultimate in handling response – not to mention sporting good looks – 18" alloy wheels complete the package.

### ClearTec

### AUTO STOP & GO SYSTEM / GEAR SHIFT INDICATOR

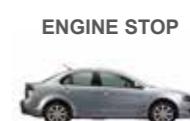

Auto Stop & Go shuts off the engine at traffic stops, cutting fuel waste and CO<sub>2</sub> emissions without disrupting the electronic systems. The engine restarts immediately, so you'll never be left waiting. For added efficiency, a gear indicator in the MID recommends the best gear for current driving conditions (MT models only).

Safety systems may override the AS&G depending upon the situation. Please refer to the Owner's Manual.

Car comes to a stop

Engine turns off  
(gear in neutral, foot off clutch)

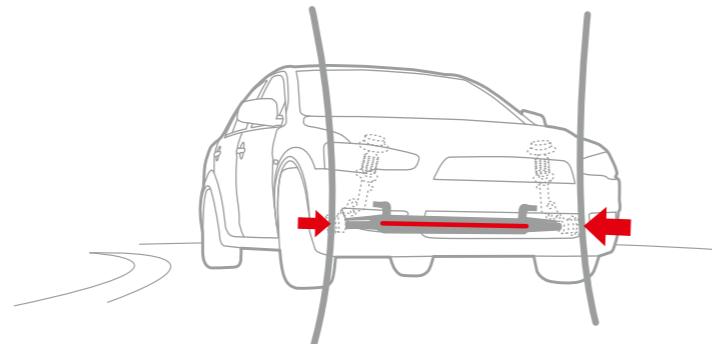

Engine starts immediately  
(when pressing the clutch)

## AT THE CUTTING EDGE

One look at Lancer tells you all you need to know: here is a sports sedan that will stand out in any crowd and say all the right things about its owner. It is so sporty and dynamic, it looks like it is moving even when parked. And it's as good to drive as it is to look at, thanks to truly sporting performance and finely developed handling. Add to this a cabin of exceptional quality and comfort, together with the Mitsubishi Motors reliability you can take for granted, and it is clear to see how every promise made by Lancer's appearance is kept in full.

RIGID BODY AND SUBFRAMES

## FIRM FOUNDATIONS

The Lancer is built around an all-new and ultra-rigid body with sophisticated 4-wheel independent suspension – essential foundations for a sporting car. A flat front subframe that resists bending and brand-new multi-link rear suspension guarantee great handling with no compromise in ride comfort, keeping the Lancer glued to the road and the smile glued to your face.

Photo shown may vary according to countries.

SPORT-TUNED SUSPENSION

## CONTROL AT YOUR FINGERTIPS

At Mitsubishi Motors, we understand that power is nothing without the ability to control it. That is why we have created a driving environment for Lancer where everything is where you expect and operates how you expect. You are in total command at all times, with all the information you need at your fingertips, including guidance from the advanced touch-screen navigation system. A large, 3.5-inch full colour LCD Multi-Information Display (MID) adds useful vehicle status information.

## IN TOTAL COMMAND

Lancer gives you Bluetooth®, cruise control and audio controls on the steering wheel, available gearshift paddles behind it and clear, attractive instruments beyond it - meaning you hardly have to lift a finger, while being wrapped up in the 8-way power adjustable leather driver's seat.

## DESIGNED FOR YOU

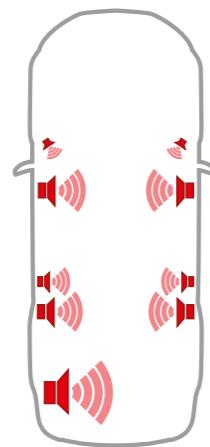

The Mitsubishi Lancer is one car that does not make you choose between substance and style. Beneath those sleek good looks lies a spacious cabin with room to spare for five adults. Up front the tight curve of the dashboard creates a sense of space, while at the back the huge boot with 60/40 split folding rear seat provides all the carrying capacity and flexible loadspace you need for you and your family. Interior materials have been chosen to look good yet prove durable through years of ownership.

#### THE SOUND OF POWER

The Rockford Fosgate® premium sound system, with 710W and nine speakers, offers sound quality your ears will scarcely believe. This is not only due to Rockford Corporation's 30+ years of experience, but also because this system has been precisely tuned to suit the unique acoustic environment of Lancer.

A handy USB port and auxiliary audio jack allow you to connect your portable media player and enjoy your full music library in premium quality.

## THE POWER THAT LIES WITHIN

The cabin of any Lancer offers a world of comfort and luxury, but for those who wish for even greater on-road enjoyment, a wealth of additional features are available.

An ultra-high-tech, touch-screen navigation system comes complete with 7" display and a SD card that stores several thousand songs for your enjoyment. There's a Link system that connects external devices such as

mobile phones or MP3 players through USB port or Bluetooth®, letting you control them via on-board switch or voice command.

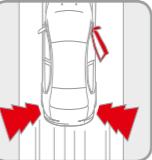

#### ETACS, YOUR PERSONALIZED ASSISTANT

Mitsubishi Motors' customisable Electronic Total Automobile Control System (ETACS) allows you to personalise the operation of a wide range of features for added safety, comfort and convenience. Certain ETACS comfort functions can be customised by your Mitsubishi Motors dealer.

#### AUTO-LIGHT AND RAIN SENSOR

The auto-light sensor automatically activates the headlamps as soon as it gets dark. The rain sensor activates the windshield wipers automatically when moisture is detected on the windshield.

#### OPEN DOOR ALARM

If any door is still open while the car is moving, a buzzer will alert you.

#### KEYLESS ENTRY SYSTEM

Makes it possible to lock and unlock the doors and trunk.

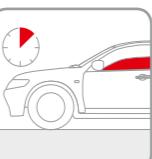

#### HEADLAMP AUTO-OFF FUNCTION

After you have turned off the ignition and got out of the car, the headlamps are automatically switched off, preventing the battery from being drained.

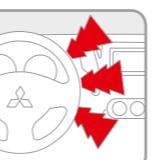

#### KEYLESS OPERATION SYSTEM

The clever keyless entry and start system allows you to open the front doors and trunk, and start the engine, without the key leaving your pocket.

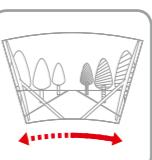

#### POWER WINDOW TIMER

After taking the key from the ignition, the window may still be opened and closed from inside for up to 30 seconds with the front doors closed.

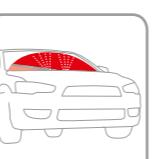

#### INDICATOR WITH COMFORT MODE

When the indicator lever is tapped briefly, the indicator will flash three times and then stop - allowing you to concentrate on manoeuvring and therefore making driving easier and safer.

#### SPEED SENSITIVE WIPERS

When the front wiper is set to intermittent, a speed sensor changes the wiper interval to suit the car's speed for better visibility.

#### COMFORT WASHER

One touch complete washing cycle, including a 5 second wiper delay for a squeaky clean windshield. Can be customised and turned off.

#### ESS (EMERGENCY STOP SIGNAL) SYSTEM

The ESS helps reduce the possibility of rear end collisions. When maximum pressure is applied to the brake pedal, the hazard lights automatically activates at 3.5Hz.

For a complete list of ETACS functions, please consult your Mitsubishi Motors dealer or refer to your owner's manual.

## PROTECT AND SERVE

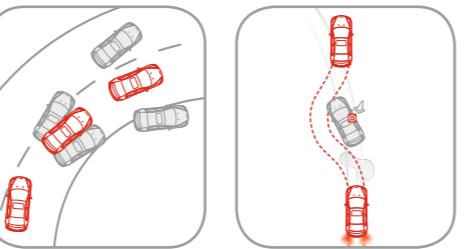

The Mitsubishi Motors safety philosophy is to design its cars to help keep out of trouble whatever the conditions and then, if anything should happen, offer you and your family the maximum possible protection.

This is why Lancer comes with a complete suite of active safety systems, from Active Stability Control (ASC) and Traction Control (TCL), to ABS with Electronic Brake-force Distribution (EBD) and Brake Assist, which increases braking pressure when pedal force is insufficient to reduce stopping distance in emergencies.

Excellent all-round visibility helps you spot situations before they develop, while bi-xenon headlamps with AFS (Adaptive Front-lighting System) make sure your view of the road remains unimpeded even when it is dark.

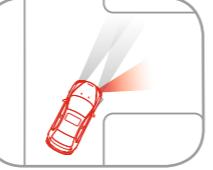

On our busy roads, the Emergency Stop signal System (ESS) offers even more protection.

In the event of an emergency stop when maximum braking is engaged, the hazard lights will automatically flash, warning following drivers. Moreover, the newly added Brake Override System gives priority to the brakes over the accelerator, allowing drivers to stop the car with the footbrake even if the accelerator is being pressed and the car is running at full speed.

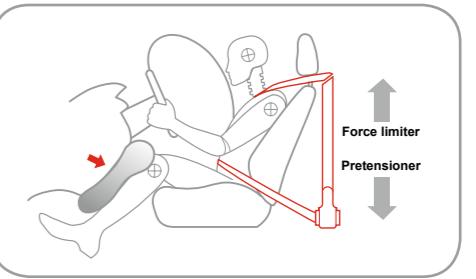

ASC & TCL

ABS & EBD

AFS (ADAPTIVE FRONT-LIGHTING SYSTEM)

In the event of a collision, you will be looked after by up to seven airbags, including one for the driver's knees, which significantly reduces forward movement. Front seatbelts with pretensioners and force-limiters provide greater restraint yet transfer fewer impact forces to occupants. Further protection is provided by Lancer's structure – built around Reinforced Impact Safety Evolution (RISE) technology.

## CHOOSING THE EQUIPMENT LEVEL

### INFORM

#### Key features

- Anti-lock Braking System (ABS) with Electronic Brake-force Distribution (EBD) and Brake Assist
- Active Stability Control (ASC) and Traction Control (TCL)
- SRS dual stage front airbags, side, curtain airbags and driver's knee airbag
- 205/60R16 tires with 16" full wheel covers
- Manual air-conditioning
- Power windows and door mirrors
- Keyless entry system
- 2-DIN Radio with CD player (MP3 compatible) and 4 speakers
- Gear shift indicator (MT models only)
- ECO Mode Indicator (AT models only)

Note: Urethane steering for petrol models and leather steering for diesel models. Image shown is a petrol model with urethane steering

## CHOOSING THE EQUIPMENT LEVEL

### INTENSE

#### Key features (in addition to INVITE)

- 215/45R18 tires with 18" alloy wheels
- Colour-keyed side airdams
- Display audio with Rockford Fosgate® premium sound system with 710W, 9 speakers and rearview camera
- CD player
- Bluetooth® hands-free cellular phone interface system with USB port and voice recognition / Link system
- Rear parking sensors
- Muffler cutter
- Eco Mode Indicator (CVT models only)

### INSTYLE

#### Key features (in addition to INFORM)

- Chrome rings on A/C, ventilation dials
- Leather-wrapped shift knob
- Fully automatic air-conditioning
- 205/60R16 tires with 16" alloy wheels
- 3-spoke leather-wrapped steering wheel with audio and cruise controls
- 6 speakers
- Chrome grille and beltline moulding
- Colour-keyed outer door handles and door mirrors with defoggers
- Front fog lamps
- Auto light control
- Rain sensor with auto wipers

#### Key features (in addition to INTENSE)

- SD navigation with 7-inch monitor, CD, MP3 player and rearview camera
- Leather seats (8-way power adjustable for driver)
- Heated front seats
- Bi-xenon discharged headlamps with AFS (Adaptive Front-lighting System), auto leveling device and headlamp washers
- Keyless Operation System (KOS)
